President's Message

Catherine Flury

Things are going great at the "Root Cellar". We are having good attendance at our meetings. There have been many suggestions for and plans made to make the Library a better place to do your research.

Bob Douglas is working very hard getting the Index for the Grundy County Loose Papers ready. Bob has also contributed other useful services to the "Root Cellar" and we are very grateful to him.

I hope you are pleased with the "Pathfinder". I feel that Mona is doing a good job. She works hard to get useful information to you. She would appreciate any material and Queries you could send her for the "Pathfinder".

Easter is just around the corner. May it be a Happy and Blessed Day for you.

Catherine Flury

A Note from the Editor

Mona G. Moreland

I would like to thank all of the G.C.H. S. members for their input and support for 2001. I received many suggestions for changes for the "Pathfinder", and am using each and every one. One suggestion came from member Dan Garner of Bailey, Colorado. He brought to our attention that the index we were publishing for the Grundy County Marriages was useless unless the members had a copy of the book. This was such an obvious thing and has been changed. Please keep your suggestions coming.

The "Pathfinder" is made up from research done by others. Please continue to share your records and pictures with us.

THIS and THAT

JANE DOUGLAS

Why do dimes, quarters and half dollars have notched edges, while pennies and nickels do not?

The US Mint began putting notches on the edges of coins containing gold and silver to discourage holders from shaving off small quantities of the precious metals. Dimes, quarters and halfdollars are notched because they used to contain silver. Pennies and nickels aren't notched because the metals they contain are not valuable enough to shave.

Why do men's clothes have buttons on the right while women's clothes have buttons on the left?

When buttons were invented, they were very expensive and worn primarily by the rich. Because wealthy women were dressed by maids, dressmakers put the buttons on the maid's right. Since most people are right-handed, it is easier to push buttons on the right through holes on the left. And that's where women's buttons have remained.

President's Message

Catherine Flury

We continue to have research materials donated to our Historical Society. These generous donations will provide help to those coming to the library to do research and allow us to purchase more research material. We appreciate your help in helping us make the library more serviceable to you.

The Grundy County Historical Society will be offering a new program to those that are interested in researching their Indian heritage. Mrs. Gail King, an Anthropologist from Alabama and a member of the Chikamaka - Cherokee Indian Organization in Tracy City, will give instruction in researching your Indian heritage. This is a free course and will be held on the third Saturday each month at 2:00 P.M. at the "Root Cellar".

I want to close my message with a special acknowledgement to the following two members that give of their time, labor and enthusiasm to the Grundy County Historical Society. Without their help we would not have the Root Cellar organized, our Membership Records kept up to date and many other of the tedious tasks done with a smile and "what else can I do?" attitude. Leslie Ann Coppinger and Bob Douglas, you are invaluable to our Society and we all want to thank you for being such dedicated members and for all your help.

Catherine Flury, President

NATIONAL ARCHIVES MICROFICHE PUBLICATION M1407

THOMPSON T. LEVAN'S CLAIM. FILE #14564, OFFICE 681, REPORT 7, YEAR 1877,
FICHE

FF2-06.4 JUNE 1872.

"Thomps" T. Levan, resident of Tracy City, Grundy County, Tenn. In Aug-Sept. 1862 he lost 1000 bu. corn, 10 beef cattle, 3 tons hay, 1 fine horse, 64 pork hogs all taken by McCooks Division, Army of the Cumberland.

In July-Aug. of 1863 he lost 100 bu corn form crib, 30 acres of corn from field, 1 ton hay, 4 beef cattle, 20 hogs, lost 100 bu corn from crib, 30 acres of corn from field, 1 ton hay, 4 beef cattle, 20 hogs, all taken by Gen. Wagner of Woods' Division. In 1864 he lost 8 wagon loads of corn, taken by Col. W.B. Stokes and Capt. Raulston of the 5th Tenn. Cav. Total amount claims is \$3,649.

Levan swears his sympathies were with the Union and he never did anything against it. His witnesses were John P. Hefner and E.F. Colyar. His loyalty can be proved by Isaac Rust, Samuel B. Rust and Hiram Kilgore. The facts of the case can be proven by Isaac Samuel Rust and Samuel K. Levan.

(Same date?) John C. Rust age 26 resident of Pelham, Grundy Co., states he is not related to Levan but has known him about 14 years. Saw him often during the war and "often conversed with him as to the war its causes and progress. Have known the claimant to aid young men who had been conscripted into the Rebel army to get released and have known him to give advice and assistance to others to escape conscription. In the winter of 1862&3 I know of claimant piloting a Captain of the Federal Army around the Rebel lines to give him an opportunity to escape arrest. This was done, and by the efforts of the claimant the Captain (Pryor was his name) escaped what seemed certain capture.

Claimant was acquainted with they Bye paltes[?] in the mountains and I also know of his piloting Lieut Dickens a Federal Officer around the Rebel lines at Altamont. I had a pass through the lines and claimant went around with this officer and I met them beyond the Rebel lines both of these officers remained in the Union Army until the close of the war."

Did not see the Federals take Levan's property in 1862, but when Gen. Buell's army passed Levan's farm in Sept. Rust saw the soldiers of his army kill and carry off 15 or 20 of his hogs, and knows that all of his hogs except 8 or 10 were taken at this time. "Claimant had a large property and had the kind the Army needed."

17 Aug. 1872. Thomps T. Levan deposition. Age 56, farmer. **etails** what was taken and when. Says that Isaac and Samuel Rust and his family were all present when it was taken (in one instance). States he had 224 acres on the plantation where the property was taken, and 150 acres on the mountain side. Says he was appointed Enrolling Officer for the Confederates by the County Court in his absence and without his knowledge, but "did not accept the position and had nothing to do with that or any other department of the Military or Civil service of the Confederacy." Says he had a son James who was in the rebel army. "He was grown and married and did not live with me when he went into the army. He now lives in Grundy County. I give him no aid, but when he come home I kept him from going back. I had 2 nephews in the federal army James and Jeremiah Levan. They now live in Marion County Tenn. "At the beginning of the rebellion in 1861 I voted for the Union and against separation. My sympathies and all my talk was against the rebellion. After the State seceded and the Confederate government was organized I did not go with the State but adhered to the Union throughout the war."

Feb. 28, 1874. John H. Wager, Special Agent, to Commissioner of Pensions. "I have the honor to state T was informed that Thomas T. Levan who has a claim filed before the Claims Commission was a rebel sympathizer he resides in Grundy County Tenn. by Robert Sanders of that county."

22 Oct. 1875. Jno. 13. Brownlow, New Market, Jefferson Co. Tenn., to "Friend Burkett." "In August 1873 while I was at Decherd investigating claims, I heard that one T.T. Levan of Grundy County, who has a claim before the Southern Claims Commission, was a Rebel. My recollection is that you were my informant. If I am correct in this I have to request that you will go before some Notary and have your deposition taken setting forth the facts and giving your information as to the course pursued by this claimant, T.T. Levan, during the war. If you do not personally know the course pursued by this claimant you can give your deposition as to his general reputation among his loyal neighbors as you learned it while in Grundy Co. Enclosed I send a form of deposition.

Undated notes on card. "T.T. Levan , Grundy County Term., reported disloyal by Wm. H. Hampton, Altamont, Grundy Co. Letter to Mr. Hampton calling for particulars Oct. 12, 1875 and letter marked for return in 3 days."

[Undated] Deposition of Isaac Rust. Age 59 resident of Grundy Co. States he is not related to Levan. Lived within on-half mile of Levan during war. Save the Federal Army in Aug. 1862 take about 1200 bushels corn from Levan's cribs, and drive 10-12 head of Levan's cattle and 25-30 hogs into their camp. Also saw same army take 3 to 5 tons of hay, fodder and oats away in wagons from Levan's farm. In 1862 saw Gen. Buell's army take at least 1000 bushels old corn from crib, 10 head of beef cattle, 3 to 4 tons of fodder or hay and 75 to 80 hogs. Did not see horse taken at that time, but heard that claimant had one taken. In July-Aug. 1863 Gen. Wagner [?] of Gen. Wood's division took from Levan 100 bushels corn from crib, 28 to 30 acres of corn from field, 3 to 4 head of beef cattle and 25-30 hogs. In 1864 he saw Capt. Raulston of 5th Tenn. Cavalry take 8 or 9 wagon loads of corn from Levan, each holding about 15 bushels. Provides estimates of value for each group of items taken. Says Levan has 200 acres bottom land and more land on mountain. "There was a time when Union men had to remain at home and did keep close. But claimant did, when a Rebel Company was being raised in our neighborhood, persuade young men not to join and piloted my son with other young men through the country to escape conscription. I consider such acts the best of proof. I was myself and out and out Union man, and made myself so obnoxious to the Rebels that I was compelled to save my life and hide myself in the mountains, and the claimant assisted me at all times when in his power."

Says the objects were taken in daytime publicly by the soldiers in the presence of the officers. "I do not remember the name of any of the officers who was present except Frank Rust who was a foraging master [?]. He asked me who lived over there pointing to the claimant's place and I told him Mr. Levan. He then said he was going over there to get his forage and I saw him do it and carrying it to camps. They were camped in about 1 mile of Altamont - they commenced taking the property in a day or two after they got there and remained two or three months. I do not remember any other citizen who saw the taking unless it be some members of my own family. "I lived near the claimant all through the war and talked to him often both publicly and privately and think I am well acquainted with his sentiments and sympathist and I never heard him utter a sentiment or exhibit a feeling or do an act that showed anything but loyalty to the government of the United States. His whole reputation among his acquaintances of all classes of opinion was that of a Union man to and he was so well known to be so that he could not prove his loyalty to the government of the Confederacy. I do not now remember any particular thing he ever said for the government during the whole war, but his whole sentiments as expressed to me are now remembered by me as being for the Union and against the rebellion. On one occasion he helped a son of mine to escape from the rebels. "I was a Union man myself and he knew I was and I know he was. He was appointed a Conscript officer by the rebels but instead of doing them good on the position he done them injury by keeping the young men out of their way."

[Undated] Deposition of Samuel Rust, age 25, blacksmith, resident of Tracy City. Not related to claimant. Lived about one-quarter mile from Levan during the war. Repeats essentially the same list of items taken as given by Isaac Rust, with less detail. Says that the corn in the field "was cut down and hauled out stalk and all." "I know what the reputation of the claimant was for Loyalty."

My Father and our family were Loyal men. Claimant saved one Brother from the Rebel Army. He was conscripted and claimant got him off. I knew several other young men that claimant saved from the Rebel Army, and that he done all in his power to dissuade young men from joining the Rebels. I was too young to converse much with older persons but often heard my father speak of claimant's course as that of an ultra Union man."

[Undated] Remarks of Claims Committee. "Claimant was a farmer over 60 years of age. He resided in Grundy Co. Tenn. Had a son in the Confederate army. Says he fed the Union soldiers, piloted the federal army, saved several young men from conscription, kept his son from returning to the army when he came home, and claims to have always been a Union man. "Mr. Rust one of his witnesses to loyalty alleges that he himself was a Union man. He filed a claim which has been disallowed for want of satisfactory proof of his loyalty. "Another witness was only 14 years of age when the war commenced and the third witness to loyalty resided 20 miles from the claimant. These are not witnesses likely to know much about the claimant's real status. Nothing appears to show that either the Federal or Confederates regarded him as a loyal man, that the latter did not is quite certain from the fact that the County Court appointed him enrolling officer for the Confederates." A special agent of the Pension Department reports to the Commissioner of Pensions that Mr. Levan 'was a rebel sympathizer.' "The proof of loyalty is not satisfactory and the claim is refused."

DID YOU KNOW?

By Mona G. Moreland

On Tuesday, January 7th, The Court of Grundy County, Tennessee held their first meeting for 1845?

One of the actions of the Court was to order the following to be appointed Commissioners to lay off the county in Common School Districts:

Isaac H. Roberts; A.M. Blair; Daniel Fults; Noah Borts(Bost?); William Kelton and Jessee Wooten.

These appointees were to report back to the Court at the April 1845 term.

Reminder of Membership Dues Change:

At the March meeting of the Grundy County Historical Society the members voted to change the membership dues. In the past the membership year started June 1st. And ended May 31st. The following year. This has caused some confusion. The members voted to change this. The new membership year will be from January 1st. Through December 31st. As June 1st, 2002 is when membership dues are due, it was decided to change to fees to represent the changes. ***Those that are paid for more than one year only need to send in \$5.00 to cover for the partial year.***

The new membership dues are as follows:

Single \$15.00---\$5.00 for June 1, 2002 through Dec. 31, 2002- \$10.00 Jan. 1, 2003 through December 31, 2003 (**one time offer**)

Family \$20.00---\$5.00 for June 1, 2002 through Dec. 31, 2002- \$15.00 Jan. 1, 2003 through December 31, 2003 (**one time offer**)

There after the yearly dues will be Single-\$15.00 and Family \$20.00.

CORRECTIONS

CORRECTION: GOODMAN FAMILY; Refer to Vol. VI, 2001, No. 4, pages 4 -7-8.

By Inez Winton, (as written): April 24, 2002

Mona, This is an error or several errors in the Goodman article. Inez

Peter Conry (1860 – 1947) married Lee Goodman (1863 – 1887). They were married 2 Nov. 1882.

They had 2 children –

(1) Jennie (1885 – 1957); she married Harleth Rogers. He was buried in California.

(2) M. E. (a daughter) 5 May 1887 – 14 Aug. 1887.

Sometime in the 50's Jennie had a triple monument erected for her mother, her sister and herself. It is at the Warren (Red Hill) Cemetry in Pelham.

I do not have the date, but he (Peter) then married Hattie Patton (30 Aug 1863- 17 Aug 1947).

They had three children:

Lillian Elizabeth 16 May 1896 – 16 Feb 1953

Lillard Thompson 3 Jan 1889 – 23 Jan 1944

Mona 16 Oct. 1890 – unk

These were not Goodman heirs.

This ends Inez's letter.

ADDITIONAL INFORMATION ON SARA LEE GOODMAN and PETER CONRY

Research by Mona G. Moreland.

(1) Peter Condra (Conry) and Lu (Lee) Goodman were married in Grundy County, TN. on the 2nd. of Nov. 1882 by Abner L. Coner, M.G. Ref: "1874-1894 Grundy County, TN. Marriage Records", transcribe by John E. Sweeton.

(2) In Charles A. Sherrill's "Tombstone Inscriptions of Grundy County, TN.", on page 144 we find the following stone in the Warren (Red Hill) Cemetery:

M.E. Conry "Infant dau" May 5 1887 – Aug 14 1887

Jennie Conry Rogers no dates

I find no record in Grundy Count for the marriage of Peter Conry and his 2nd. wife Hattie Patton, but they are listed in the 1900 Grundy County, TN. Federal Census Records, by Goins and Hobbs, on page 184.

QUERIES Cont'd:**132 – 2002:SWEETON/BROWN**

I am the great-granddaughter of Lou Tishia (Sweeton) Brown and Leonard Brown. Do you have info that would be useful to me? Thanks Valerie

VALERIE WILLIAMS E-mail address: 1jwilliams@charter.net

133 – 2002:SWEETON/MYERS/SANDERS/BROWN

The Sweeton Family is one of my family lines from Grundy Co., TN. My line descends from Robert and Margaret (Myers) Sweeton, Isaac Sweeton, Elizabeth Sweeton, Edd Sweeton, John W. Edward Sweeton. I am aware that Robert, Alexander and Lafayette Sweeton were some of the first of this family to migrate to this part of the country. I had a great aunt, Betty Ann "Annie" Sweeton that married Joseph Edward "Ed" Sanders and moved to IL in the mid 1900's. Annie was related to the Brown family and I believe her mother must have been a Brown. She had a sister named Kervie and I believe her father was Isaac. A. Sweeton. I am not sure of the direct connection. She had a uncle that owned(?) Tracy City Company Store and was related to "Mule Brown. Thanks for any information you can provide. PAUL SANDERS
E-mail address: Ptsans@aol.com

134 – 2002:WALKER/GROSS/CANTRELL/MYERS

Needs the parents of Annie Gross and her husband Zedakiah Walker. Also, William Myers and Celia Nunley. Jackson Venus and Rosana "Annie" (Myers) Walker are my grandparents. Any information will be greatly appreciated. RANDOLPH "RANDY" CANTRELL

E-mail address: cantrellr33@msn.com

135 – 2002:WARD

I would like any information that anyone has on the name Ward. My grandmother, Octavia Adaline Henson Conry's mother was Lydia Elvira Ward, who was married to Isaac Bird Henson. Lydia's parents were John L.H. Ward and Matilda deBoard. The family migrated from Virginia to Bledsoe County, Tennessee. I was wondering if John Ward was in any way connected to Nancy Ward of Indian fame.
INEZ WINTON

136 – 2002:DAVIS/CORNELISON

I am trying to find a marriage between John or James Davis and Julia Ann Pettway Cornelison around 1880 – 90. I've checked all surrounding counties that I could. Does anyone have any ideas where I could look? CINDY MEARS

New Officials appointed / elected for Grundy County, Tennessee:

On Tuesday, January 7, 1845 the Court of Grundy County appointed and elected the following officials:

David Burrows was elected Coroner for the next succeeding two years.

Silas T. Roberts was elected County Surveyor for the next succeeding four years.

Barney Burrow was elected Entry Taker for the next succeeding four years.

Civil District 11

(Note by Dola: Civil District 11 was in the Tracy City part of the county. By the time of this census the coal and coke industry had brought prosperity to the area and many out-of-county and out-of-state people had come here to work. Also several hundred convicts had been brought from the state penitentiary to work in the coke ovens. Most of the 1890 census was lost in a fire, so the 1900 census became the next county-wide accounting of our citizens. By that time, the coal and coke industry had declined, the convicts had been "run off the mountain", and many of the new residents of 1880 had gone back home. This is to explain why there is little information to be found in Grundy County records on some of the people of District 11 in the 1880 census.)

Census enumerator, J. M. PORTER, used Family numbers only.
