Thomas attended a school made of logs and the seats were split logs and school only lasted 3-4 months per grade. The nearest school from his home was about one or two miles and both men and women taught there. (Copied from bio and Civil War pension request)

Notes for THOMAS FLETCHER CARRICK:

Thomas F. Carrick

Born September 24, 1845

Born in Bedford County, TN.

In about 1921-1922 lived in Daylight, TN.

Was in Civil War - Confederate Soldier

Company H, 21st Tenn Cavalry

Father was: James Carrick - born in Rutherford County - Lived in Cannon County some.

Mother Maiden Name was: America West - She was daughter of Isaac West and Sarah Moore of Bedford County, TN.

Thomas F. Carrick's in 1922 was 76 years old and lived in Daylight, Tennessee, Route #1. He was born in Bedford County, Tennessee, and during the Civil War fought for the Confederacy, Co. H. 21st Tennessee Cavalry. His father James Carrick, was a farmer and blacksmith, and was born in Rutherford County, Tennessee. Thomas F. Carrick's mother was America West, the daughter of Isaac West and Sarah Moore of Bedford Country, Tennessee.

Thomas Carrick's Grandfather Carrick was Scotch-Irish - He was killed near Ten Springs, Now Nashville, led by half-breed Indian, Tim Turnbridge. Thomas F. Carrick's Grand Father West was soldier under Andrew Jackson. His Great Grandfather Smith was an old Indian fighter and hunter and lived near Fosterville, Tennessee. Thomas Carrick's father did not own any slaves but his grandparents did, and Mr. Carrick's parents owned 100 acres of land. When the Civil War started, Mr Carrick said land was about \$10.00 per acre, and that they lived in a comfortable log house. He said that before the Civil War he would plow on the farm, use a hoe and reaper. His father farmed and ran a blacksmith shop and his mother spun and wove clothes for the family. Thomas Carrick said that he never wore a suit of store-bought clothes until several years after the end of the Civil War.

His Parant didn't keep house servants. He said the school he attended was made of logs and the seats were split logs, and that schooling only lasted 3 or 4 months per grade The nearest school from his home was about one or two miles, and both men and women taught there.

Mr Carrick said he was too young when he first tried to enlist during the Civil War, but in 1863 he ran away and joined the 21st. Tennessee Cavalry. They first went to North Carolina thru South Carolina. He said he was a scout and daily fighting was common for him. His first battle was Shoal Creek. From Shoal Creek he was sent, along with several other men, into Tennessee where he suffered from frost-bitten feet. Mr Thomas F. Carrick said that the latter part of his service during the Civil War was spent as a scout, or to be more plain, a guerrilla or bushwhacker. He was cut off from his regiment when Hood retreated from Nashville and had three recruits with him, James Bynum, George Moore, and Newton Low. He tried to overtake his forces but failed, so he said he was forced to "paddle his own canoe" and take care of those splendid boys. Several of his company surrendered after being cut off by Hood's retreat.

Mr Carrick said he refused to surrender and kept his arms until May 31st., 1865. He said "I had five boys with me, John T. Morgan, Bob Gilly, James Bynum, George Moore and Newton Low. We ranged in Cannon, Warren, Coffee and Rutherford Counties, Tennessee. We fought the Yankees and never lost a single fight. Me and James Bynum attacked and drove off 18 Yankees from Jimmie Jameson's still house one day. The Yankees reported 40 of us but only two of us made the attack. Shortly after a march, six of us attacked a company of Negroes at Taylor's Campground in Cannon County, killing several and wounding others. Just how many Yankees my little band killed and captured I am not able to say, but the Yankees claimed we had killed and captured Forty of their men. It was hot times. They killed my father and burned my grandfathers house after I agreed to quit. Mrs. Doctor Hoover of Hoover's Gap in Coffee County, Tennessee was our go-between. I have kept the faith ever since I surrendered; not a Yankee was present at our surrender. I went North and stayed until the Yankee army left Tennessee, then I came home and wrote the homemade Yankees a nice letter saying I was at home and me and them could not breath the same air together. They left and I am still in Tennessee. In them days I feared no living man and I have always stood for law and order and I have had some tussles with the few dirty whelps that infiltrated our country and I'm still standing for the best. My life has been given for my country. Many things I could tell about the dark days of the 1860's and up but it would be no (use). All I regret now is I couldn't do more."

Thomas Carrick said he was born September 24th., 1845, and his Civil Was Pension Number was 9803.

This is another version of this history as compiled by William Ray Turner

Joined the Conferdate Army in 1863 - Exact date unknown. Was behind the enemy lines for 5 months with 5 or 6 other men. Was a Deputy United States Marshall during the Presidency of Cleveland and Harrison. Coal Miner at Tracy City. Studied Socialism and believed that to be the hope of the working class. In 1922 Mr Carrick said that the latter part of his service to the Confederacy was as a scout or to be more plain a guerilla or bushwhacker. He said "Being cut off from my Regt. on account of Hood's retreat from Nashville and having three recruits with me, Jas Bynum, George Moore, and Newton Low I made an effort but failed to overtake our forces so I was left to paddle my own canoe and take care of these splendid boys, many of the boys tho cut off by Hoods Retreat surrendered and several of my company gave up but I

It was not times. They killed my father and burnt my Grand Fathers house after I had agreed to quit - Mrs. Dextur Hoover of Hoover's Gap in Coffee County, TN was our go-between and I have kept faith ever since I surrendered. Not a Yankee was present at our surrender. I went North and stayed till the Yankee Army Left Tenn. Then I came home and wrote the homemade Yankees a nice letter saying I was home and me and dam Yankees could not breathe the same air together. They left and I am still in Tennessee. Reference: "A New South Rebellion", by Karin A. Shapiro relates more facts in the life of Thomas (Tom) Carrick. "Tom was a 40 year old master workman of the Knights' Labor Union about 1885, in Tracy City, TN. He helped organize the coal miners of Tracy City, TN. He opposed the common practice of convict leasing (state prisoners being used to mine coal over free miners). He professed a profound commitment to southern white workers, which edged toward socialism. An articulate and literate spokesman for mid-Tennessee miners, Carrick was also a practical man. While socialism may have represented his ultimate dream, in the 1890's he settled for the Farmers' Alliance." In 1893 Tom was appointed his a Deputy US Marshal.

1. THOMAS FLETCHER⁴ CARRICK (*JAMES (JIM OR JIMMY)*³, *THOMAS (TOM)*², *JACKIE*¹)¹ was born 24 Sep 1845 in Bedford County, TN², and died 09 Feb 1933 in Tracy City, TN³. Notes for THOMAS FLETCHER CARRICK:

Thomas F. Carrick

Born September 24, 1845

Born in Bedford County, TN.

In about 1921-1922 lived in Daylight, TN.

Was in Civil War - Confederate Soldier

Company H, 21st Tenn Cavalry

Father was: James Carrick - born in Rutherford County - Lived in Cannon County some.

Mother Maiden Name was: America West - She was daughter of Isaac West and Sarah Moore of Bedford County, TN.

Thomas F. Carrick's in 1922 was 76 years old and lived in Daylight, Tennessee, Route #1. He was born in Bedford County, Tennessee, and during the Civil War fought for the Confederacy, Co. H. 21st Tennessee Cavalry. His father James Carrick, was a farmer and blacksmith, and was born in Rutherford County, Tennessee. Thomas F. Carrick's mother was America West, the daughter of Isaac West and Sarah Moore of Bedford Country, Tennessee.

Thomas Carrick's Grandfather Carrick was Scotch-Irish - He was killed near Ten Springs, Now Nashville, led by half-breed Indian, Tim Turnbridge. Thomas F. Carrick's Grand Father West was soldier under Andrew Jackson. His Great Grandfather Smith was an old Indian fighter and hunter and lived near Fosterville, Tennessee. Thomas Carrick's father did not own any slaves but his grandparents did, and Mr. Carrick's parents owned 100 acres of land. When the Civil War started, Mr Carrick said land was about \$10.00 per acre, and that they lived in a comfortable log house. He said that before the Civil War he would plow on the farm, use a hoe and reaper. His father farmed and ran a blacksmith shop and his mother spun and wove clothes for the family. Thomas Carrick said that he never wore a suit of store-bought clothes until several years after the end of the Civil War.

His Parant didn't keep house servants. He said the school he attended was made of logs and the seats were split logs, and that schooling only lasted 3 or 4 months per grade The nearest school from his home was about one or two miles, and both men and women taught there.

Mr Carrick said he was too young when he first tried to enlist during the Civil War, but in 1863 he ran away and joined the 21st. Tennessee Cavalry. They first went to North Carolina

thru South Carolina. He said he was a scout and daily fighting was common for him. His first battle was Shoal Creek. From Shoal Creek he was sent, along with several other men, into Tennessee where he suffered from frost-bitten feet. Mr Thomas F. Carrick said that the latter part of his service during the Civil War was spent as a scout, or to be more plain, a guerrilla or bushwhacker. He was cut off from his regiment when Hood retreated from Nashville and had three recruits with him, James Bynum, George Moore, and Newton Low. He tried to overtake his forces but failed, so he said he was forced to "paddle his own canoe" and take care of those splendid boys. Several of his company surrendered after being cut off by Hood's retreat.

Mr Carrick said he refused to surrender and kept his arms until May 31st., 1865. He said "I had five boys with me, John T. Morgan, Bob Gilly, James Bynum, George Moore and Newton Low. We ranged in Cannon, Warren, Coffee and Rutherford Counties, Tennessee. We fought the Yankees and never lost a single fight. Me and James Bynum attacked and drove off 18 Yankees from Jimmie Jameson's still house one day. The Yankees reported 40 of us but only two of us made the attack. Shortly after a march, six of us attacked a company of Negroes at Taylor's Campground in Cannon County, killing several and wounding others. Just how many Yankees my little band killed and captured I am not able to say, but the Yankees claimed we had killed and captured Forty of their men. It was hot times. They killed my father and burned my grandfathers house after I agreed to quit. Mrs. Doctor Hoover of Hoover's Gap in Coffee County, Tennessee was our go-between. I have kept the faith ever since I surrendered; not a Yankee was present at our surrender. I went North and stayed until the Yankee army left Tennessee, then I came home and wrote the homemade Yankees a nice letter saying I was at home and me and them could not breath the same air together. They left and I am still in Tennessee. In them days I feared no living man and I have always stood for law and order and I have had some tussles with the few dirty whelps that infiltrated our country and I'm still standing for the best. My life has been given for my country. Many things I could tell about the dark days of the 1860's and up but it would be no (use). All I regret now is I couldn't do more."

Thomas Carrick said he was born September 24th., 1845, and his Civil Was Pension Number was 9803.

This is another version of this history as complied by William Ray Turner

Joined the Conferdate Army in 1863 - Exact date unknown. Was behind the enemy lines for 5 months with 5 or 6 other men. Was a Deputy United States Marshall during the Presidency of Cleveland and Harrison. Coal Miner at Tracy City. Studied Socialism and believed that to be the hope of the working class. In 1922 Mr Carrick said that the latter part of his service to the Confederacy was as a scout or to be more plain a guerilla or bushwhacker. He said "Being cut off from my Regt. on account of Hood's retreat from Nashville and having three recruits with me, Jas Bynum, George Moore, and Newton Low I made an effort but failed to overtake our forces so I was left to paddle my own canoe and take care of these splendid boys, many of the boys tho cut off by Hoods Retreat surrendered and several of my company gave up but I refused to surrender and boldly kept my arms until 31st day of may 1865. I had with me 5 boys, John T. Morgan, Bob Gilly, James Bynum, George Moore and Newton Low. We ranged in Cannon, Warren, Coffee and Rutherford Counties, Tennessee. We fought the Yankees and

never lost a single fight. Me and James Bynum attacked and rove off 18 Yankees from Jimmie Jamesen Still House one day. The Yankees reported 40 of us but only two of us made attack. Shortly after March, six of us attacked a company of Negroes at Taylors Camp Ground in Cannon County killing several and wounding others and running off just how many Yankees my little band killed and captured I am not able to say but the Yankees claimed we had killed and captured over forty of their men. It was not times. They killed my father and burnt my Grand Fathers house after I had agreed to quit - Mrs. Dextur Hoover of Hoover's Gap in Coffee County, TN was our go-between and I have kept faith ever since I surrendered. Not a Yankee was present at our surrender. I went North and stayed till the Yankee Army Left Tenn. Then I came home and wrote the homemade Yankees a nice letter saying I was home and me and dam Yankees could not breathe the same air together. They left and I am still in Tennessee. In them days I feared no living men and I've always stood law and order and have had some tussels with the few dirty whelps that (infiltered) our country-- True horsewhipped some and drove some out of the county and am still standing for the best (?) my life has been given for my country. Many Many things I could tell about would be no _____. All I regret now is couldn't do more. My Great Grand Father and My mothers day was John Moore from N.C. (William Ray Turner collection)

Married by Rev. Doc Lovauce.

Member of 4th Tennessee Calvery, Rank - PVT

Reference: "A New South Rebellion", by Karin A. Shapiro relates more facts in the life of Thomas (Tom) Carrick. "Tom was a 40 year old master workman of the Knights' Labor Union about 1885, in Tracy City, TN. He helped organize the coal miners of Tracy City, TN. He opposed the common practice of convict leasing (state prisoners being used to mine coal over free miners). He professed a profound commitment to southern white workers, which edged toward socialism. An articulate and literate spokesman for mid-Tennessee miners, Carrick was also a practical man. While socialism may have represented his ultimate dream, in the 1890's he settled for the Farmers' Alliance." In 1893 Tom was appointed his a Deputy US Marshal.

Born:	in: Virginia
Married: Abt. 1760	in: Louisa County, VA
Died: 29 Jul 1795	in: Rowan County, NC
Source:	
Father:	
Mother:	

Other Spouses: Elizabeth Sanders

Notes

John was a Quaker, and was disowned by the Quaker faith on Feb 2, 1760 for marrying Sarah outside of the Quaker requirements. Sarah was John's second wife. He was married the first time in a Quaker ceremony at the Hanover Meeting House in Hanover County, Virginia, to Elizabeth Sanders, daughter of John Sanders, on January 11, 1749/50. They had one child - Camm Moore, Abt 1753 in Hanover County, VA.

Married Sarah Abt 1760 in Louisa County, Virginia.

The Last Will and Testament of John Moore:

"In the name of God, Amen! This 25th day of July AD 1795, I, John Moore of Rowan County and State of North Carolina enjoying my usual reason and understanding, though weak and indisposed in body and calling to mind the uncertainty of human life, think proper to constitute and appoint this to be my last will and testament in the following manner revoking and disannulling every and all wills theretofore made by me.

Imprimis, I humbly bequeath and recommend my soul to God who gave it and the body to the ground to be decently buried at the discretion of my executor hereafter to be nominated hoping through the mercy of God and the merits of my savior to a joyful resurrection at the last day, and a happy reunion of soul and body in endless bliss and glory.

I give and bequeath unto my son, John Moore one tract or parcel of land on the south west end of the tract of land where I now live on, beginning in Alexander Long's line, where it crosses the Rocky-Spring branch, and running thence up the branch to the head of same, and continuing the same course till it strikes Lewis Bearth's line, thence with his line south to his corner and thence, as the deed directed around to the beginning including the plantation which he now lives on.

Item, I give and bequeath unto my son Charles Moore, one tract or parcel of land on the west end of the same tract of land, beginning at the sink-hole landing, on the south bank of the Yadkin River and running thence South nearly as I have marked it off to John Moore's line thence with his line down the Rocky-Spring branch to Alexander Long's line, thence north with the line to the River, thence down the river to George Reed's line, thence with his line around to the river, and then down the river to the beginning, including the plantation on which he now lives.

Item, I give and bequeath unto my son, Edward Moore, all the remainder of my land including the plantation which I now live on and half an acre on the North side of the river Gadkin which George Reed has bargained to give me in exchange for an acre of my land on the south side of the said river, and for which he has a deed from me.

Notes

Thomas F. Carrick

Born September 24, 1845

Born in Bedford County, TN.

In about 1921-1922 lived in Daylight, TN.

Was in Civil War - Confederate Soldier

Company H, 21st Tenn Cavalry

Father was: James Carrick - born in Rutherford County - Lived in Cannon County some.

Mother Maiden Name was: America West - She was daughter of Isaac West and Sarah Moore of Bedford County, TN.

Thomas F. Carrick's in 1922 was 76 years old and lived in Daylight, Tennessee, Route #1. He was born in Bedford County, Tennessee, and during the Civil War fought for the Confederacy, Co. H. 21st Tennessee Cavalry. His father James Carrick, was a farmer and blacksmith, and was born in Rutherford County, Tennessee. Thomas F. Carrick's mother was America West, the daughter of Isaac West and Sarah Moore of Bedford Country, Tennessee.

Thomas Carrick's Grandfather Carrick was Scotch-Irish - He was killed near Ten Springs, Now Nashville, led by half-breed Indian, Tim Turnbridge. Thomas F. Carrick's Grand Father West was soldier under Andrew Jackson. His Great Grandfather Smith was an old Indian fighter and hunter and lived near Fosterville, Tennessee. Thomas Carrick's father did not own any slaves but his grandparents did, and Mr. Carrick's parents owned 100 acres of land. When the Civil War started, Mr Carrick said land was about \$10.00 per acre, and that they lived in a comfortable log house. He said that before the Civil War he would plow on the farm, use a hoe and reaper. His father farmed and ran a blacksmith shop and his mother spun and wove clothes for the family. Thomas Carrick said that he never wore a suit of store-bought clothes until several years after the end of the Civil War.

His Parant didn't keep house servants. He said the school he attended was made of logs and the seats were split logs, and that schooling only lasted 3 or 4 months per grade The nearest school from his home was about one or two miles, and both men and women taught there.

Mr Carrick said he was too young when he first tried to enlist during the Civil War, but in 1863 he ran away and joined the 21st. Tennessee Cavalry. They first went to North Carolina thru South Carolina. He said he was a scout and daily fighting was common for him. His first battle was Shoal Creek. From Shoal Creek he was sent, along with

Family Group Sheet

several other men, into Tennessee where he suffered from frost-bitten feet. Mr Thomas F. Carrick said that the latter part of his service during the Civil War was spent as a scout, or to be more plain, a guerrilla or bushwhacker. He was cut off from his regiment when Hood retreated from Nashville and had three recruits with him, James Bynum, George Moore, and Newton Low. He tried to overtake his forces but failed, so he said he was forced to "paddle his own canoe" and take care of those splendid boys. Several of his company surrendered after being cut off by Hood's retreat.

Mr Carrick said he refused to surrender and kept his arms until May 31st., 1865. He said "I had five boys with me, John T. Morgan, Bob Gilly, James Bynum, George Moore and Newton Low. We ranged in Cannon, Warren, Coffee and Rutherford Counties, Tennessee. We fought the Yankees and never lost a single fight. Me and James Bynum attacked and drove off 18 Yankees from Jimmie Jameson's still house one day. The Yankees reported 40 of us but only two of us made the attack. Shortly after a march, six of us attacked a company of Negroes at Taylor's Campground in Cannon County, killing several and wounding others. Just how many Yankees my little band killed and captured I am not able to say, but the Yankees claimed we had killed and captured Forty of their men. It was hot times. They killed my father and burned my grandfathers house after I agreed to quit. Mrs. Doctor Hoover of Hoover's Gap in Coffee County, Tennessee was our go-between. I have kept the faith ever since I surrendered; not a Yankee was present at our surrender. I went North and stayed until the Yankee army left Tennessee, then I came home and wrote the homemade Yankees a nice letter saying I was at home and me and them could not breath the same air together. They left and I am still in Tennessee. In them days I feared no living man and I have always stood for law and order and I have had some tussles with the few dirty whelps that infiltrated our country and I'm still standing for the best. My life has been given for my country. Many things I could tell about the dark days of the 1860's and up but it would be no (use). All I regret now is I couldn't do more."

Thomas Carrick said he was born September 24th., 1845, and his Civil Was Pension Number was 9803.

This is another version of this history as complied by William Ray Turner

Joined the Conferdate Army in 1863 - Exact date unknown. Was behind the enemy lines for 5 months with 5 or 6 other men. Was a Deputy United States Marshall during the Presidency of Cleveland and Harrison. Coal Miner at Tracy City. Studied Socialism and believed that to be the hope of the working class. In 1922 Mr Carrick said that the latter part of his service to the Confederacy was as a scout or to be more plain a guerilla or bushwhacker. He said "Being cut off from my Regt. on account of Hood's retreat from Nashville and having three recruits with me, Jas Bynum, George Moore, and Newton Low I made an effort but failed to overtake our forces so I was left to paddle my own canoe and take care of these splendid boys, many of the boys tho cut off by Hoods Retreat surrendered and several of my company gave up but I refused to surrender and boldly kept my arms until 31st day of may 1865. I had with me 5 boys, John T. Morgan, Bob Gilly, James Bynum, George Moore and Newton Low. We ranged in Cannon, Warren, Coffee and Rutherford Counties, Tennessee. We fought the Yankees and never lost a single fight. Me and James Bynum attacked and rove off 18 Yankees from Jimmie Jamesen Still House one day. The Yankees reported 40 of us but only two of us made attack. Shortly after March, six of us attacked a company of Negroes at Taylors Camp Ground in Cannon County killing several and wounding others and running off just how many Yankees my little band killed and captured I am not able to say but the Yankees claimed we had killed and captured over forty of their men. It was not times. They killed my father and burnt my Grand Fathers house after I had agreed to quit - Mrs. Dextur Hoover of Hoover's Gap in Coffee County, TN was our go-between and I have kept faith ever since I surrendered. Not a Yankee was present at our surrender. I went North and stayed till the Yankee Army Left Tenn. Then I came home and wrote the homemade Yankees a nice letter saying I was home and me and dam Yankees could not breathe the same air together. They left and I am still in Tennessee. In them days I feared no living men and I've always stood law and order and have had some tussels with the few dirty whelps that (infiltrated) our country-- True horsewhipped some and drove some out of the county and am still standing for the best (?) my life has been given for my country. Many Many things I could tell about would be no _____. All I regret now is couldn't do more. My Great Grand Father and My mothers day was John Moore from N.C. (William Ray Turner collection)

Married by Rev. Doc Lovauce.

Member of 4th Tennessee Calvery, Rank - PVT

Reference: "A New South Rebellion", by Karin A. Shapiro relates more facts in the life of Thomas (Tom) Carrick. "Tom was a 40 year old master workman of the Knights' Labor Union about 1885, in Tracy City, TN. He helped organize the coal miners of Tracy City, TN. He opposed the common practice of convict leasing (state prisoners

being used to mine coal over free miners). He professed a profound commitment to southern white workers, which edged toward socialism. An articulate and literate spokesman for mid-Tennessee miners, Carrick was also a practical man. While socialism may have represented his ultimate dream, in the 1890's he settled for the Farmers' Alliance." In 1893 Tom was appointed his a Deputy US Marshal.

*Thomas F. Carrick
Born September 24, 1845
Born in Bedford County, TN.
In about 1921-1922 lived in Daylight, TN.
Was in Civil War - Confederate Soldier
Company H, 21st Tenn Cavalry*

Father was: James Carrick - born in Rutherford County - Lived in Cannon County some.

Mother Maiden Name was: America West - She was daughter of Isaac West and Sarah Moore of Bedford County, TN.

Thomas F. Carrick's in 1922 was 76 years old and lived in Daylight, Tennessee, Route #1. He was born in Bedford County, Tennessee, and during the Civil War fought for the Confederacy, Co. H. 21st Tennessee Cavalry. His father James Carrick, was a farmer and blacksmith, and was born in Rutherford County, Tennessee. Thomas F. Carrick's mother was America West, the daughter of Isaac West and Sarah Moore of Bedford Country, Tennessee.

Thomas Carrick's Grandfather Carrick was Scotch-Irish - He was killed near Ten Springs, Now Nashville, led by half-breed Indian, Tim Turnbridge. Thomas F. Carrick's Grand Father West was soldier under Andrew Jackson. His Great Grandfather Smith was an old Indian fighter and hunter and lived near Fosterville, Tennessee. Thomas Carrick's father did not own any slaves but his grandparents did, and Mr. Carrick's parents owned 100 acres of land. When the Civil War started, Mr Carrick said land was about \$10.00 per acre, and that they lived in a comfortable log house. He said that before the Civil War he would plow on the farm, use a hoe and reaper. His father farmed and ran a blacksmith shop and his mother spun and wove clothes for the family. Thomas Carrick said that he never wore a suit of store-bought clothes until several years after the end of the Civil War.

His Parant didn't keep house servants. He said the school he attended was made of logs and the seats were split logs, and that schooling only lasted 3 or 4 months per grade The nearest school from his home was about one or two miles, and both men and women taught there.

Family Group Sheet

Mr Carrick said he was too young when he first tried to enlist during the Civil War, but in 1863 he ran away and joined the 21st. Tennessee Cavalry. They first went to North Carolina thru South Carolina. He said he was a scout and daily fighting was common for him. His first battle was Shoal Creek. From Shoal Creek he was sent, along with several other men, into Tennessee where he suffered from frost-bitten feet. Mr Thomas F. Carrick said that the latter part of his service during the Civil War was spent as a scout, or to be more plain, a guerrilla or bushwhacker. He was cut off from his regiment when Hood retreated from Nashville and had three recruits with him, James Bynum, George Moore, and Newton Low. He tried to overtake his forces but failed, so he said he was forced to "paddle his own canoe" and take care of those splendid boys. Several of his company surrendered after being cut off by Hood's retreat.

Mr Carrick said he refused to surrender and kept his arms until May 31st., 1865. He said "I had five boys with me, John T. Morgan, Bob Gilly, James Bynum, George Moore and Newton Low. We ranged in Cannon, Warren, Coffee and Rutherford Counties, Tennessee. We fought the Yankees and never lost a single fight. Me and James Bynum attacked and drove off 18 Yankees from Jimmie Jameson's still house one day. The Yankees reported 40 of us but only two of us made the attack. Shortly after a march, six of us attacked a company of Negroes at Taylor's Campground in Cannon County, killing several and wounding others. Just how many Yankees my little band killed and captured I am not able to say, but the Yankees claimed we had killed and captured Forty of their men. It was hot times. They killed my father and burned my grandfathers house after I agreed to quit. Mrs. Doctor Hoover of Hoover's Gap in Coffee County, Tennessee was our go-between. I have kept the faith ever since I surrendered; not a Yankee was present at our surrender. I went North and stayed until the Yankee army left Tennessee, then I came home and wrote the homemade Yankees a nice letter saying I was at home and me and them could not breath the same air together. They left and I am still in Tennessee. In them days I feared no living man and I have always stood for law and order and I have had some tussles with the few dirty whelps that infiltrated our country and I'm still standing for the best. My life has been given for my country. Many things I could tell about the dark days of the 1860's and up but it would be no (use). All I regret now is I couldn't do more."

Thomas Carrick said he was born September 24th., 1845, and his Civil Was Pension Number was 9803.

This is another version of this history as compiled by William Ray Turner

Joined the Conferdate Army in 1863 - Exact date unknown. Was behind the enemy lines for 5 months with 5 or 6 other men. Was a Deputy United States Marshall during the Presidency of Cleveland and Harrison. Coal Miner at Tracy City. Studied Socialism and believed that to be the hope of the working class. In 1922 Mr Carrick said that the latter part of his service to the Confederacy was as a scout or to be more plain a guerilla or bushwhacker. He said "Being cut off from my Regt. on account of Hood's retreat from Nashville and having three recruits with me, Jas Bynum, George Moore, and Newton Low I made an effort but failed to overtake our forces so I was left to paddle my own canoe and take care of these splendid boys, many of the boys tho cut off by Hoods Retreat surrendered and several of my company gave up but I refused to surrender and boldly kept my arms until 31st day of may 1865. I had with me 5 boys, John T. Morgan, Bob Gilly, James Bynum, George Moore and Newton Low. We ranged in Cannon, Warren, Coffee and Rutherford Counties, Tennessee. We fought the Yankees and never lost a single fight. Me and James Bynum attacked and rove off 18 Yankees from Jimmie Jamesen Still House one day. The Yankees reported 40 of us but only two of us made attack. Shortly after March, six of us attacked a company of Negroes at Taylors Camp Ground in Cannon County killing several and wounding others and running off just how many Yankees my little band killed and captured I am not able to say but the Yankees claimed we had killed and captured over forty of their men. It was not times. They killed my father and burnt my Grand Fathers house after I had agreed to quit - Mrs. Dextur Hoover of Hoover's Gap in Coffee County, TN was our go-between and I have kept faith ever since I surrendered. Not a Yankee was present at our surrender. I went North and stayed till the Yankee Army Left Tenn. Then I came home and wrote the homemade Yankees a nice letter saying I was home and me and dam Yankees could not breathe the same air together. They left and I am still in Tennessee. In them days I feared no living men and I've always stood law and order and have had some tussels with the few dirty whelps that (infiltered) our country-- True horsewhipped some and drove some out of the county and am still standing for the best (?) my life has been given for my country. Many Many things I could tell about would be no _____. All I regret now is couldn't do more. My Great Grand Father and My mothers day was John Moore from N.C. (William Ray Turner collection)

Reference: "A New South Rebellion", by Karin A. Shapiro relates more facts in the life of Thomas (Tom) Carrick. "Tom was a 40 year old master workman of the Knights' Labor Union about 1885, in Tracy City, TN. He helped organize the coal miners of Tracy City, TN. He opposed the common practice of convict leasing (state prisoners being used to mine coal over free miners). He professed a profound commitment to southern white workers, which edged toward socialism. An articulate and literate spokesman for mid-Tennessee miners, Carrick was also a practical man. While socialism may have represented his ultimate dream, in the 1890's he settled for the Farmers' Alliance." In 1893 Tom was appointed his a Deputy US Marshal.
