'Meteor Watch Aug. 11 in Na

The third annual August Star Party and Perseid Meteor Watch will be Aug. 11 at the model airplane field at Edwin Warner Park in Nashville from 9 until 11 p.m.

The ringed planet Saturn, star clusters, and a variety of other objects, such as bright summer constellations and meteors, will be visible through the telescopes of amateurs, weather permitting.

Comfortable clothes, a red-filtered flashlight, and insect repellent are recommended. Admission is free. This party is a joint effort of the Warner Park Nature Center, Bernard-Seyfert Astronomical Society and the Sudekum Planetarium of the Cumberland Science Museum.

The Cumberland Museum also will also offer several shows within the Sudekum Planetarium. "The Universe Game" is a funny, free-wheeling response to many of the most frequently asked questions and misconceptions about astronomy. Astronomy buffs will get plenty of stargazing during the show, but the theme is definitely humor. "The Universe Game" will be presented through Aug. 19 at noon and 4 p.m. Monday through Saturday and 1:30 and 4:30 p.m. Sunday.

The Planetarium is also featuring "Skies Over Nashville," a live show demonstrating what is visible in the current Nashville skies. "Skies Over Nashville" will be presented at 1:30 p.m. Monday through Saturday.

For younger children, "Max's Flying Saucer" is a fun introduction to the world of astronomy and space travel. "Max's Flying Saucer" will be presented at 10:45 and 2:45 Mon-
