

## CHAPTER B

### Descendants of John Layne Sequatchie Valley, Tennessee

*This is largely a roster of the decendants of John Layne and Barbara De Vault, based on the various census records. Perhaps someone in the future will put the histories of the various families together in book form.*

- 1 JOHN LAIN, Sr. (LANE):** b c1768 Va; d before 1840 m Barbara DeVault (b c1770 NC) July 31, 1789 Washington co Va; family tradition states Barbara Layne was "Dutch"; this couple migrated to the Sequatchie Valley in Tenn, the exact date not known; all their children were born there; first census of Marion co Tenn 1830 shows John Lain Sr 60-70, his wife 70-80, son 15-20, residing together; the son was Daniel b 1811; families of sons David, William, Abraham, John Jr., and Isaac lived close to them in 1830; in 1850 Barbara, widow of John Lain, Sr. was living with her son, Daniel, in Grundy co; also living with him in 1860 when her age was given as 90; there is evidence Barbara had brother Jacob DeVault who m Barbara Weidner, and a sister Mary DeVault who m John Six Jan 1787 Washington co Va; Barbara gave place of her birth as NC; (early census reports have been very helpful in following this family); prior to 1850 this family spelled their name Lane, Lain or Layne but after 1850 the use of **Layne** became general. Possible clues connecting family of John and Barbara with family of George Layne of Amherst co Va, early settler of adjoining Warren co Tenn, have been sought but none have been found; George Layne owned property in Marion co and conducted farming operations there thru some 30 yrs and surely had more interest in Marion co than just ownership of land, but none so far has been found; it is possible that John Lain Sr. was related to Hartwell Lane, 1812 soldier, who was in Washington co Va in 1787 and could have been a nephew to John; also Turner Lane [b Hanover co Va 1762, married in Washington co Va. 1787] could have been related (possibly brother to John Lain Sr); Turner Lane had brother James; Turner and James went from Va to Ga and then shortly after to Ky; Turner finally settled in White co Tenn where he became a large land owner and prominent settler; since White co adjoins Warren co, George Lane and Turner

Lane did not live far apart. In Jasper, Marion co seat, George bought two lots on the Town Square, across from the Court-house in 1821; in 1848 he still owned these lots; along with this property he bought and sold land in both Marion and Warren co, with the last record of sale of a farm being 1846, two years before his death [despite this, no direct link has been found to date to tie him in with John and Barbara]; Daniel Layne, who appears in Warren co 1840 census with family and mother, is undoubtedly son of a Daniel Layne Sr (not to be confused with John and Barbara Lane's youngest son); Daniel Layne Sr appears in 1830 census Warren co with wife 50-60, seven children: a male & female 20-30, male 15-20, 2 males & 2 females 10-15; this Daniel Sr was a contemporary of John Layne of Marion co and may have been related; 1820 census Warren co Tenn shows George Lane, who was living near Viola, and next to him a William Lane and wife 26-45 with four sons and four dau; in 1830 William Lane & family had gone; 1820 census lists Daniel Lane Sr with wife 45 & over & nine children; nearness of location of above-mentioned Lanes and fact that George Lane of Warren co had many land transactions in Marion co suggests that relationship might have existed between John Layne Sr of Marion co, George Layne, William Lane and David Lane Sr of Warren co; issue all b Marion co Tenn:
