COLLEGE HYMN

Words by Music by
Ina Smith Lambdin '15 Violet Gross Ervin '16

Oh, Heavenly Father, hear the prayer
Our hearts send up to Thee
For blessings on our College here,
Our own loved Tennessee.
May she forever stand for right,
Uphold the pure and true,
And guide her daughters' steps each day
As Thou would'st have her do.

Dear Father, in the coming years,
May we more loyal grow,
And sing our Alma Mater's praise
Wherever we may go.
Yea, let us by a worthy life
Bring honor to her name.
And by a closer walk with Thee
Her principles sustain. Amen.

Words by Music by
Frances Hobgood '28 Elizabeth Stephens '28

O Tennessee, Fair Tennessee,
We would honor bring to thee,
We would e'er thy praises sing,
All our trophies to thee bring;

For 'twas thee who early taught us
How to guide our steps aright,
And 'twas thee who early brought us
To a love of truth and light.

And here we offer, Tennessee,
Love and loyalty to thee,
And through coming years we'll be
Ever loyal to T. C.

And now all hail to thee, Fair Tennessee,
All hail to thee, Fair Tennessee,
All Hail! All Hail!

Dear Miss Parker:

On the recommendation of the Committee for Selection, I am very pleased to offer you one of the General Electric Fellowships in Mathematics for Secondary School Teachers for the 1955 Summer Program at Purdue University. Please let me know your decision with regard to accepting or rejecting this offer not later than April 11, 1955. It is understood that if you accept the Fellowship, it is under the conditions listed in the Announcement.

The Committee has asked me to offer you its congratulations on your selection from among so many excellent applicants. We hope that you will accept the offer and will be looking forward to meeting you on June 19, on which date an evening get-together of the Fellows and Staff will be arranged. You will be informed in more detail of plans and schedules for the Summer Session at a later date.

Very truly yours,

Ralph Hull

Dear Miss Parker:

I am pleased to approve the recommendation of our Selection Committee that you be awarded a General Electric Fellowship in Mathematics for the special program to be held this coming summer at Purdue University. Your selection as one of 50 from more than 150 applicants recognizes your superior record in mathematics and your sustained interest in secondary school teaching. The General Electric Company has been most generous in cooperating with Purdue University to make the program possible, and we feel it will make a substantial contribution to the effectiveness of your teaching.

The two groups of 50 teachers each who participated in the previous programs have been most enthusiastic about the value of the six weeks spent here. With this past experience, I am certain that our people in mathematics will conduct an even better program this year. The program places considerable emphasis on applications and also on techniques for improving interest in mathematics. The General Electric Company supplements the campus program with demonstrations and visits to their plants to show how mathematics is applied to a large electrical industry.

I predict for you a very strenuous, interesting and stimulating six weeks of study. May I add my congratulations and best wishes to you as one of the chosen fifty.

Sincerely yours,

W. L. Ayres, Dean

EXPLANATIONS—90 to 100 is Excellent, or Ex.; 85 to 90 is Very Good, or V. G.; 80 to 85 is Good, or G.; 75 to 80 is Medium, or M.; 70 to 75 is Poor, or P.; below 70 is a failure and means the pupil must do better work in the subject or fail. Promotion is based upon average scholarship for an average of being required. Department and Punctuality are important items, and count in general average and class work. Written examinations are reported in figures, class records in words.
