Subject: Parsons/Meeks

It is easier to send this out again rather than look to see if I sent it out previously. I think I did, but here it is again.

There are bound to be people around who remember some of these people. Here's what I know.

Shep & Susie Parsons show up in the 1910 census in District 4. They both report that they are 30 years old. They have children Louie, 10; Lucy 8; Irene 5.

In 1920 they live on Coke Street in Tracy City. Shep says he is 45; Susie 40; Lucy 17, Irene 15.

In 1930 Shep L. is 51 and a fireman on the steam railroad; Susie F. is 50. They report that they were 21 and 19 respectively when they married. Living with them are Earl E. Parsons 12 (adopted son), Louran Johnston 17, niece; Frank H. Johnston 7, nephew; and Violet I. Fults, a boarder age 16.

If you can help the lady who is looking for these folks, please respond to her address below.

Thanks,

Janelle

Looking for death date and place of burial for Shepard Lee Parsons (Parson)
his wife Susie (Meeks) Parsons (Parson).

If you know someone who can research this, would be glad to pay for their time.
